## February 2012

### Dean Murray

January and February are here and we are having a pretty mild winter so far. Let's hope it keeps up for another month or so.

The work on B Pier is done. We replaced the six smaller pilings with much longer and bigger pilings making the t pier section much stronger than it was.

Now the work on the E Pier roof will begin in a week or two. So here we go again moving boats so the work can get done without any boat damage. The first 5 slips on E Pier will need to be moved as soon as they can. I will be contacting the boat owners soon.

There isn't much else going on this time of the year. And let's hope it stays that way!

Super Bowl Party at the club February 5<sup>th</sup>. There is a \$10.00 Pool at the club with a chance to win \$200.00 each quarter. Sign up before all the squares are gone.

See you at the club.
